

To All Members of The GlacierPoint Family,

It is with great pride that I announce, as a function of an incredible amount of work by so many at GlacierPoint Enterprises, that the strategic expansion of our distribution footprint continues by way of the recent acquisitions of Gillette Creamery and Southern Ice Cream.

Headquartered in Gardiner, NY, Gillette Creamery has been family-owned and operated since its founding in 1985, distributing a broad array of ice cream, frozen food and refrigerated products including brands such as Häagen-Dazs, Ben & Jerry's, Nestlé and Good Humor. Since its founding, the Gillette family has relentlessly pursued a vision and ultimately built a tremendous platform anchored by world-class customer service and unmatched industry experience.

Likewise, Southern Ice Cream, headquartered in Charlotte, NC and established in 1977, primarily distributes brands such as Häagen-Dazs, Blue Bunny, Mars and Tropicale, in addition to other fresh and frozen products. The acquisition of Southern Ice Cream marks GlacierPoint's establishment of the Carolinas division; a momentous landmark for GlacierPoint in our efforts to elevate customer and supplier relationships over a rapidly expanding operating territory.

The execution strength and operating culture of both Gillette and Southern Ice Cream stand as a perfect fit with GlacierPoint's unwavering commitment to flawless customer service. With the capacity to service all of Eastern New York State and bordering states, Gillette positions us to extend our operating footprint and distribution capabilities up to the U.S./Canadian border, while Southern Ice Cream expands GlacierPoint's operations from the Mid-Atlantic region to South Carolina. The strategic acquisitions of both organizations build upon GlacierPoint's foundational strengths, while ultimately accelerating our mission to become our nation's leader in DSD.

Please join me in giving a warm GlacierPoint welcome to both the GlacierPoint-Gillette and GlacierPoint-Carolinas Teams.

James W. Schubauer II
Chief Executive Officer
GlacierPoint Enterprises
